Dear Dale Gilbert:

On behalf of the National Kidney Foundation of Florida and the 70 transplant recipients, 17 donor family members, and 9 living donors that participated in the 2004 U.S. Transplant Games as a part of Team Florida, we would like to thank you for your generous donation. Your gift of \$ 1500.00 allowed us to celebrate the gift of life at the largest gathering of transplant recipients and donor families in the world. Your donation assisted athletes, donor families and living donors with their travel expenses, Team uniforms, and helped to promote the need for organ and tissue donation across the state. These Games were extra special because it was the 50th anniversary of the first successful kidney transplant performed by Dr. Joseph Murray and Dr. John Merrill. We were privileged to have Dr. Murray join us for the 2004 Transplant Games and serve as the Honorary Chairman.

In October, you will receive the Team Florida Memory Book, which is a photo journal of the 2004 U.S. Transplant Games and includes pictures of our athletes winning 9 bronze medals, 16 silver medals and 20 gold medals!

Again, we thank you for supporting Team Florida and providing us the opportunity to demonstrate the success of transplantation, call attention to the life-saving importance of organ donation, and recognize the contribution of the more than 4,000 families who donate the organs and tissues of loved ones each year.

With Warmest Regards,

Laura Morciano
